

Become an Influencer

Who can become an Influencer?

We are seeking experienced human resources professionals or executives who have a proven track record of facilitating their company's growth to become part of our team.

What do you have to do?

We require you to engage with the Interview App and review our educational materials to gain a comprehensive understanding of its capabilities and the reasons for its necessity. Throughout this process, the Interview App team will be readily available to address any queries or concerns you may have.

Upon achieving a solid grasp of our product, we are looking for you to connect us with executives from companies that could potentially benefit from our solution by generating leads.

How much money can I make?

You will receive \$25 for each lead you bring in. Furthermore, for every lead that transitions into a subscriber, you'll earn 30% of the monthly subscription fee for as long as the company remains a user of the solution.

What's the potential monthly income from a single subscriber through the 30% commission:

Company pays per month (USD)	You make per month (USD)
\$1250 (minimum subscription fee)	\$375
\$2500	\$750
\$5000	\$1500
\$10000	\$3000
\$20000	\$6000

Keep in mind, the commissions mentioned are specifically for a single subscriber. When you assist us in acquiring additional subscribers, your earnings increase significantly. Additionally, you'll continue to generate income from providing us with leads.

What other benefits are there to joining?

Becoming an influencer only allows you to earn income but also puts you in a position to become knowledgeable about cutting-edge technologies that are advancing the industry. This knowledge will support your personal growth by ensuring you stay informed about the most innovative solutions entering the field.

Is this technology replacing human recruiters?

Absolutely not! The automation process concludes with a human recruiter overseeing the final interview selection and the entire process. Furthermore, a human recruiter has the flexibility to join the chatbot at any point to provide answers to questions. This, in turn, liberates a recruiter's time, allowing them to concentrate on more meaningful tasks.

How do I join your team?

To become a part of our team, please contact Michael at (818) 808-8210 or send an email to support@streetgravity.co, expressing your interest in joining as an influencer.
